**COMPLETING THE FORM 08**

- Introduce the survey to the regular LFS respondent by saying: "Statistics Canada is doing this survey at the request of Employment and Immigration Canada. The purpose is to collect extra information about the patterns of work and the types of jobs held during 1986. All information will be kept strictly confidential as required by the Statistics Act".
- Proxy response can be accepted for the Form 08. However when the person responding for other household members is unsure of the answers to the supplementary questions, arrangements should be made to telephone at a convenient time when the correct information can be obtained, either directly from the person concerned, or from a knowledgeable and responsible household member.
- Respondents are asked to report on up to 5 jobs held in 1986. A respondent is considered to have changed jobs if he/she:
  - (a) changed employers or;
  - (b) experienced a change in usual duties for an employer which was accompanied by an increase or decrease in usual wages or salary.
- To assist in recontacting households in January 1988 which may have moved in the interim you should attempt to obtain the name, address and telephone number of a person not living in the household.

**108. INTERVIEWER:** Read and complete the following section for the head of each economic family in the household (as identified on the label).

This survey is part of a project to study the work patterns of Canadians in all walks of life over two years. We will need to recontact your household in year from now to obtain additional information about jobs held during 1987.

In case your family moves before next January, we would like the name and address of a friend, relative or neighbour whom we could contact to obtain your family's new address or telephone number. I want to emphasize that we will contact this person only if your family has moved and then only to obtain your new address or telephone number.
