210. INTERVIEWER: Read and complete the following section only for the head of each economic family in the household (as identified on the label).

This survey is part of a multi-year project to study the work patterns of Canadians. We will need to recontact your household in a year from now to obtain additional information about jobs held during 1991.

In case your family moves before next January, we would like the name and address of a friend, relative or neighbour whom we could contact to obtain your family's new address or telephone number. I want to emphasize that we will contact this person only if your family has moved and then only to obtain your new address or telephone number.
