

Canadian Community Health Survey – Mental Health

Errata

August 2014

Date: August 2014			
To: Users of the CCHS – Mental Health files			
Subject: Minor typographical errors in data dictionaries, labels and formats			
Product(s) affected: Master and share files (released September 18 th 2013) and public use microdata file (released April 3 rd 2014)			
Year(s) affected: 2012			
Description of the problem(s): After the release of the Public Use Microdata file (PUMF) in April 2014, the following minor typographical errors in the CCHS – Mental Health master, share and PUMF data dictionary, labels and format files were detected. Revised versions of the labels and formats have been created for all three file types. In addition, the data dictionary has been re-created for the PUMF. Note: All of the errors concern the metadata. No errors have been found in the data. The following corrections have been made.			
Variable(s)	E = English F = French	Issue and corrected metadata	Files affected

Suggested correction(s):

- 1) Manually update the September 2013 version of the Master and Share documentation and April 2014 versions of the PUMF documentation based on the above descriptions; **or**
- 2) Replace the labels and formats with the replacement versions of the metadata files. The data dictionary for the PUMF has been re-created. For technical reasons, it is not possible to provide replacement files for the data dictionaries for the master and share files.

Correction steps:

Contact Health Statistics Division for replacement metadata files for the labels and formats.

Contact us:

We regret any inconvenience this may have caused you or your organization and thank you in advance for your understanding.
