

**HHLDRST**

The household roster will collect the name, age, sex, and marital status for each household member.

**SELECTP**

One or two people will be selected from each household to complete the smoking questions. In some households, if the selected person is age 25+, that person will not be retained; if no younger person was selected in the same household, the interview will end after asking a few questions of the current respondent.

**HHSIZE**

Number of people age 15+ in household, calculated from household roster.

**NSELP**

Number of people selected for the smoking questions.

- <0> No one selected for smoking questions
- <1> One person selected for smoking questions
- <2> Two people selected for smoking questions
