General Instructions

The questions in this section are generally person and activity specific i.e. for each {Person X} on the help (given by {Person X} to respondent) roster all relevant activity blocks are asked. Questions B01 - B09S represent generic {Person X} and {Activity Y}. The following are the actual numbering sequences:

*{child care} (Numbering will be B01-B09S),
{meal preparation and clean-up} (Numbering B11-B19S),
{house cleaning, laundry and sewing} (Numbering B21-B29S),
{house maintenance and outside work} (Numbering B31-B39S),
{shopping for groceries and other necessities} (Numbering B41-B49S),
{transportation} (Numbering B51-B59S),

SECTION E: Help Given by Respondent - Day to Day Help

Activities: {child care} {meal preparation and clean-up} {house cleaning, laundry and sewing} {house maintenance and outside work} {shopping for groceries and other necessities} {transportation} {banking and bill paying} {personal care}

General Instructions

The questions in this section are generally person and activity specific i.e. for each {Person X} on the help (received by {Person X} from respondent) roster, all relevant activity blocks are asked. Questions E01 - E09S represent generic {Person X} and (Activity Y). The following are the actual numbering sequences:

*{child care} (Numbering will be E01-E09S),
{meal preparation and clean-up} (Numbering E11-E19S),
{house cleaning, laundry and sewing} (Numbering E21-E29S),
{house maintenance and outside work} (Numbering E31-E39S),
{shopping for groceries and other necessities} (Numbering E41-E49S),
{transportation} (Numbering E51-E59S),
{banking and bill paying} (Numbering E61-E69S)
{personal care} (Numbering E71-E79S).*

The CATI version of the questionnaire will thus have 8 times the number of questions presented here. It will contain 8 "sub-sections" with one sub-section per activity.
