**TU 2015 PUMFE - Data Dictionary**  
**November 2017**

**Question Text:** On a scale of -3 to +3 where -3 means very unpleasant and +3 means very pleasant; at [RandomTime] o'clock, how would you rate the activity you were doing?

**Universe:** All episodes randomly selected for the subjective well-being scale

**Note:** Two times were randomly selected for each respondent who completed the Time Use diary. TUI\_10 was triggered when the time range of the current episode included one or both of these times. In most cases TUI\_10 was triggered twice. However, in cases where the time range of an episode covered both randomly selected times, the question was only triggered once.
