

AltaLIS is responsible for the distribution of several digital mapping datasets, including Base Features that are maintained by the Government of Alberta, to the private sector. Base Features is made up of several topographic themes that cover Alberta, and is a seamless GIS spatial database product to which other natural resource and land management information can be related.

**Forest Management Units** are one of several GeoAdministrative layers maintained within the Base Feature dataset. GeoAdministrative boundaries are land areas that have explicitly defined boundaries, established by legislation or by an agency to manage or administer land use.

The positional **accuracy** is dependant upon the various sources used for creation. See the 1:20000 Base Feature products for more detail. The information contained within this data set is a mapping representation only and is not an official definition of these boundaries. AltaLIS cannot provide technical support for this free layer, but updates will be posted as they are received.

The following information has been compiled to support this boundary file:

<b>Layer Name:</b>	BF_FMU_POLYGON
<b>Abstract:</b>	This layer contains polygon representation of areas of forest land managed as a Unit for wood fiber production and other renewable resources.
<b>Date Created:</b>	2000 03 31
<b>Date Currency:</b>	2006 03 31
<b>Last Date Modified:</b>	2006 05 11
<b>Modified By:</b>	Resource Information Management Branch
<b>Completeness Report:</b>	All Forest Management Units within the province have been captured.
<b>Compiled By:</b>	Resource Information Management Branch

#### Feature Metadata:

<u>Name</u>	<u>Description</u>
NAME	Name of the feature
SHAPE	Feature Identifier

**Coordinate system type:** Geographic  
**Projection:** Cylindrical Equiarectangular

**Geodetic Datum:** North American 1983  
**Reference Ellipsoid:** GRS80

**Longitude Of Origin:** 0:00:00.000 (d:m:s)  
**Latitude Of Origin:** 0:00:00.000 (d:m:s)  
**Standard parallel:** 0:00:00.000 (d:m:s)

**Horizontal storage unit:** 1 deg  
**Vertical storage unit:** 1 m  
**Storage center:** Longitude: 0.000 deg  
Latitude: 0.000 deg  
Height: 0.00 m

**False X:** 0.00 m  
**False Y:** 0.00 m
